

University of Illinois Hospital & Clinics

FY2026 FACT SHEET

The University of Illinois Hospital & Clinics (UI Health) is a clinical enterprise that includes The University of Illinois Hospital, a 451-bed, Magnet®-recognized quaternary care hospital accredited by The Joint Commission; 30+ outpatient clinics throughout Chicago and Illinois; and the Mile Square Health Center network of 11 Federally Qualified Health Centers.

A part of the University of Illinois Chicago, the UI Health enterprise includes patient-centered research entities, including the University of Illinois Cancer Center, and the academic and research activities of UIC's seven health sciences colleges.

The only public academic health center in Chicago, UI Health provides safe, high-quality care to patients throughout Chicago, the state of Illinois, and beyond.
